

We need to have the
Fairness Doctrine
reinstated, and we
need to re-establish
that the airwaves
are a public
resource, not
private property.

Sinclair
Broadcasting is
abusing it's license
by treating public
airwaves as its own
property for
promoting a
political agenda.
It is supposed to
serve the public
interest, not the
owners' interests.

This abuse shows the
danger of media
consolidation.

Please strengthen the
rules to prevent
this sort of abuse.

Thank you.
